Ehime University Japan, South Sulawesi Provincial Government, and Unhas agreed to extend the three-party collaboration. The signing of the MoU was the end of the results of the three-party talks held at the end of 2018 at the Tamalanrea Unhas Campus.

At that time Ehime University visited Makassar to meet with the South Sulawesi Provincial Government and Unhas. The Director of

Communication at Unhas, Suharman Hamzah, Ph.D, said that the MoU was related to improving the Human Resources of the South Sulawesi Provincial Government.

"The signing was carried out by each of the highest leaders of the three institutions. Prof. Dr. Ir. H.M. Nurdin Abdullah, M.Agr. as the

CONT'D

Governor of South Sulawesi, then Prof. Dr. Yuichi Ohashi as Chancellor of Ehime University and Unhas Chancellor, Prof. Dr. Dwia Aries Tina Pulubuhu, MA.” Suharman said.

In his remarks shortly after the signing, Ehime University Chancellor, Prof. Yuichi Ohashi said that 9 years ago, in August 2010, a Trilateral MoU was signed for the first time, and an extension can now be made. From the data from Ehime University, during the last 5 years, the 3-party collaboration had 376 students and lecturers who came to Ehime and went to South Sulawesi to collaborate in social, academic and industrial fields, as well as recently collaborated in the field of disaster. This was marked by disaster studies in the aftermath of the earthquake and tsunami disaster in Central Sulawesi. At the end of his brief remarks, the Chancellor of Ehime University hoped that closer cooperation could be carried out and more concrete in the form of training for provincial government staff.

Meanwhile, the Governor of South Sulawesi expressed his gratitude for the support and assistance of the Ehime University and Ehime Provincial Governments for the disaster that hit Central Sulawesi last year. Unhas' Rector, Prof. Dwia, when delivering her speech with optimism, also believes that this collaboration will be realized with good intention and as soon as possible. This can be seen from the track record of collaboration between Unhas and Ehime

University that has been going on for a long time both in the form of SUIJI programs, C-BEST programs, and collaboration between lecturers and student exchanges, joint publications and joint international seminars. This was also strengthened by the number of Unhas staff and alumni who continued their education at Ehime University.

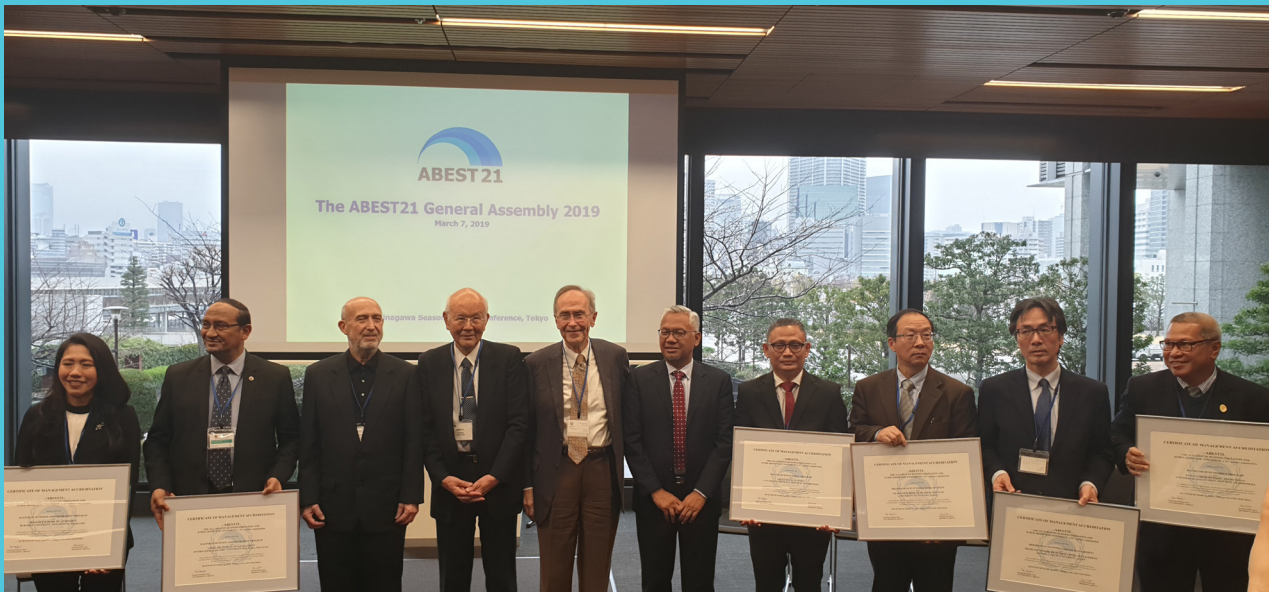

The meeting was followed by a small team meeting to sharpen the cooperation plan. And it ended with a dinner together, as is the custom of Japanese society. The dinner was attended by Deputy Governor Ehime Kazuhito Kouno, South Sulawesi Governor and team, Chancellor Ehime and the team, and Unhas Chancellor and team.
